OTHER CONDITIONS, RULES

I. Bank card bail

The bank card bail will be the 3-month deposit rate for the smallest amount deposited in a given currency, reduced by **0.50** percentage points.

II. Other deposit conditions

Interest application date	
For HUF accounts	
Interest crediting	at the end of each calendar quarter
For FCY accounts	
Interest crediting at sight	at the end of each calendar quarter
For deposit accounts	at maturity

III. Rules for rollover deposits

In the case of an order for a deposit with a minimum balance, if there is an available uncommitted amount above the minimum balance in the client's bank account, then, when the term deposit rolls over, the Bank links the amount above the minimum balance from the bank account to the amount of the rollover deposit. If the client's bank account balance is below the minimum balance when the deposit rolls over, then the minimum balance is replenished from the deposit amount with the missing amount at the time of the rollover, and only the remaining deposit amount is re-committed.

In case of linking a regular extra amount to the term deposit, the new deposit fixing increased by the regular extra amount starts only if the regular amount is fully available in the client's bank account. If the full coverage for the regular extra amount is not available, the original amount of the deposit rolls over.

If the customer's bank account from which the deposit is fixed shows a negative balance when the deposit rolls over, the term deposit no longer rolls over automatically, but is stopped. If the client intends to fix the deposit again, they must initiate a new order for it.
