## **Criteria for Premium Banking client status:**

Only our clients in Premium Banking status are eligible for the preferential Premium Banking conditions. To be eligible for Premium Banking status, clients need to:

- have savings (deposits and securities, also including the balance on current accounts) in excess of HUF 5 million<sup>1</sup> or
- receive payments by bank transfer of at least HUF 300,000 a month to their account with our bank (transfers between the client’s own accounts are excluded)<sup>2</sup>.

(hereinafter: Segment criteria)

## **Criteria for Key Premium Banking client status:**

This List of Conditions applies to clients with a Premium Banking Agreement signed at any time since 1 January 2010 and having at least HUF 30 million but no more than HUF 100 million in savings with UniCredit Bank Hungary Zrt., provided that they have concluded an agreement with the bank regarding the application of this List of Conditions.

# RETAIL ANNOUNCEMENT AND LIST OF CONDITIONS – PREFERENTIAL TERMS FOR PREMIUM BANKING AND KEY PREMIUM BANKING CLIENTS

The Bank calculates the savings balance taking the following into account: cash balances on UniCredit bank accounts, term deposit balance (foreign-currency balances converted at the FX mid-rate quoted by the National Bank of Hungary as of the relevant date) and the current fair market value of the total closing balance, as of the relevant day, on any securities account held with UniCredit Bank.

This List of Conditions also applies to clients who received a letter from the Bank in January 2010 informing them that they have been allocated to the key premium banking client category. In the event of the termination of the agreement for the use of Key Premium Banking services, the Bonus account package conditions, which are set out in the bank's List of Conditions for Private Individuals, and the prevailing retail conditions will apply from the first day of the month following the month of termination.

The fulfilment of segment criteria is verified by the Bank every year; this involves checking whether the clients in fact fulfil the conditions. If the annual review establishes that the savings balance, calculated as described above, is below HUF 30 million, the client will be recategorised from key premium banking client status to either retail or premium banking client status, depending on their savings balance, and will be subject to the Bank's Retail List of Conditions. Such changes in a client's status do not have retroactive effect, and the conditions of investment and loan product contracts already concluded will remain unchanged, while account conditions will change when the bank has discharged its notification obligation under Act CCXXXVII of 2013, and the client will no longer be eligible for key premium banking conditions after such a change in status.

Once a year the Bank shall increase all fees specified in its lists of conditions by the annual average consumer price index for the year preceding the publication of the list of conditions concerned, as published by the Central Statistical Office (KSH), from which the Bank may deviate in favor of the customer.

The charges, fees and commissions of the Premium Banking Basis and Assistance package not listed herein and the payment dates for such fees are set out in the prevailing Retail List of Conditions Bonus Account Package conditions.

The following constitute inseparable annexes to the List of Conditions, as amended from time to time:

Annex 1: Payments Turnover and Performance Procedures

Annex 2: Fees for Other Services

Annex 3: Debit Card List of Conditions for retail clients

Annex 4: Electronic Services List of Conditions for retail clients
