<sup>2</sup> [Fee calculation method 0,011% of the amount of credits and debits during the month, but at least the amount indicated. Under the promotion, the Bank waives the amount exceeding the stated minimum. The promotional terms are valid until 30.09.2024.](#)

<sup>3</sup> [For the above number of transactions with a debit card or the mCash application, the Bank will waive the fee during the promotional period. The promotion will last until 30.09.2024. Fees for transactions submitted using the mCash service and exceeding the promotional transaction count will be subject to the fees set out in UniCredit Bank's Retail List of Conditions for the Private Plus Account Package. When determining the month of the free ATM transaction\(s\), debit card transaction\(s\) or mCash transaction\(s\) included in an account package, the date of booking the transaction to the bank account will be taken into account, i.e. each transaction will be included in the month when it was booked.](#)

<sup>4</sup> The Bank provides the possibility of free-of-charge cash withdrawals in accordance with the provisions of Section 36/A of Act LXXXV of 2009 on the Pursuit of the Business of Payment Services, and the provisions of Decree No. 53/2013 (XI.29.) of the Ministry for the National Economy. A declaration for free-of-charge cash withdrawal may only be made by the holder of the account concerned who meets the legal preconditions and only in respect of one payment account, at a branch or, if the account concerned is linked with the Spectranet Internet Banking service, via the Spectranet Internet Banking interface. If the Client identifies a bank account by indicating the relevant bank card number in their declaration, the discount will be granted on the main bank account behind the card. A valid declaration submitted until the 20th day of a given month will entitle the client to withdraw cash free of charge from the following calendar month, or from the second calendar month if such declaration is submitted after the 20th day of the month. Cash withdrawal free of charge is offered primarily at ATMs and will be discontinued at branch cash desks after 31 December 2014; even until that date, only Clients who did not have a bank card on the bank account stated in their declaration prior to 22.11.2013 may do so. The sequence of free-of-charge transactions is determined according to the actual dates of the cash withdrawals. If the combined amount of the first two transactions falling under the above free-of-charge range exceeds HUF 150,000, the amount above this threshold will be subject to a percentage of the normal transaction fee taking into account the maximum fee as well.

If a client makes unauthorised use of the possibility of free-of-charge cash withdrawal or provides false information in their declaration, the Bank shall be entitled to claim the fee and charges for the free-of-charge cash withdrawal retroactively in a lump sum within the legal limits referred to.

<sup>5</sup> If a Client is entitled, as documented in their declaration submitted to the Bank, to free cash withdrawals under the law (Footnote 4), the ATM fee discount provided for in the account package will not apply in the relevant month.

<sup>6</sup> The definition of transfer also includes official transfers and the execution of collection orders (collection order based on letter of authorisation, collection on promissory note), on which the Bank will charge a fee dependent on the channel in which the order is submitted (electronically, or on paper not using the original form). If a Retail Personal Loan, a Retail General-Purpose Mortgage Loan or a Housing Loan had been requested before 1 January 2013, the preferential terms granted under the Partner VDCS will remain unchanged after 1 January. The relevant conditions are described, as before, in UniCredit Bank's Announcement on Loans no longer offered.

The rates not included in these Special Conditions and the standard (non-promotional) conditions of the promotional rates are governed by the Bonus account package fee information in UniCredit Bank's Retail List of Conditions. The due dates for the fees charged are listed in UniCredit Bank's Retail List of Conditions.

<sup>5</sup> The bank is providing the free of charge cash withdrawal and Cash-back according to 2009. year LXXXV. law 36/A §, and according to 53/2013 (XI.29.) NGM decree. The statement about free of charge cash withdrawal and Cash-back can be submitted - to only one payment account - by the owner of the account who meets the legal requirements. The statement can be submitted in Bank Branches or via SpectraNet Internet Banking or eBanking if the Client has got access to the service. If the Client is providing the debit card number on the statement for setting the free of charge cash withdrawal and Cash-back the bank will provide it for the account where the given debit card is set primarily. The Client is entitled to the free of charge cash withdrawal and Cash-back in the given month if a valid statement is submitted until the 20th of preceding month. If a statement is submitted after the 20th of a given month, the free of charge cash withdrawal and Cash-back is provided to the Client from the second month following.

The Client is entitled for free of charge cash withdrawal primarily via ATM, while the Cash-back is only available from beneficiaries who provide the service in Hungary (Merchants) as part of the POS payment transaction. The Bank applies free of charge transactions in order to their actual date. If the total amount of transactions exceeds HUF 150 000 within the monthly first two cash withdrawal, or HUF 40 000 within the monthly first two Cash-back, then the % and maximum element of the normal transaction fee will be applied on the above part. For Cash-back service, the provisions of the Bank Card Terms and Conditions and the Debit Bankcard List of Conditions are always applicable. The Cash-back is linked to POS purchases. If the Client uses the free of charge cash withdrawal and Cash-back fraudulently or submits invalid data on the statement, the Bank – according to law – is entitled to charge the normal fees after free of charge cash withdrawals or Cash-back retrospectively in one amount on the Clients account.

<sup>6</sup> If a Client is entitled, as documented in their statement submitted to the Bank, to free cash withdrawal under the law (Footnote 5), the ATM fee discount provided for in the account package will not apply in the relevant month.

<sup>7</sup> The definition of transfer also includes official transfers and the execution of collection orders (collection order based on letter of authorisation, collection on promissory note), on which the Bank will charge a fee dependent on the channel in which the order is submitted (electronically, or on paper not using the original form).

The due dates of fees are set out in UniCredit Bank's Retail List of Conditions; regarding overdraft facilities and personal loans, this information is provided in its Announcement on Loans without Real Estate Collateral and, regarding mortgage loans, in the documents "The conditions for loans extended by UniCredit Bank Hungary Zrt. to private individuals – Mortgage loans" and "The conditions for loans extended by UniCredit Bank Hungary Zrt. to private individuals – Subsidised mortgage loans".

APR is calculated solely with reference to the legal regulations in effect (Government Decree No. 83/2010 (III.25.) on the definition, calculation and publication of the annual percentage rate); the rate may change if the conditions change (where the rate is tied to a reference rate, this includes any changes in that reference rate). For loans / credits with variable interest rates, the value of the APR rate does not reflect the interest rate risk of the credit / loan.

APR is calculated solely with reference to the legal regulations in effect (Government Decree No. 83/2010 (III.25.) on the definition, calculation and publication of the annual percentage rate); the rate may change if the conditions change (where the rate is tied to a reference rate, this includes any changes in that reference rate). For loans / credits with variable interest rates, the value of the APR rate does not reflect the interest rate risk of the credit / loan.

Features associated with the calculation of APR but herein not specified are set out, for overdraft facilities and personal loans, in the Announcement on loans to private individuals without real estate collateral (Announcement on Loans without Real Estate Collateral) and, regarding mortgage loans with zero initial charges, in the announcements "The conditions for loans extended by UniCredit Bank Hungary Zrt. to private individuals – Mortgage loans" and "The conditions for loans extended by UniCredit Bank Hungary Zrt. to private individuals – Subsidised mortgage loans".

Where a Retail Personal Loan, a Retail General-Purpose Mortgage Loan or a Housing Loan has been contracted on the basis of an application submitted before 1 February 2013, the preferential terms granted under the Partner VDCS will remain unchanged after 1 February. The relevant conditions are described, as before, in UniCredit Bank's Announcement on Loans no longer offered.

Fees for payments initiated by the Client to the debit of a bank account in the Client's name and listed in this list of conditions but submitted through a payment service provider (third party provider (TPP)) providing payment initiation services are identical to the fees for transfers submitted in mBanking under the same account package.

This information is not intended to be complete, nor does it constitute a recommendation or investment advice. When adopting their investment decisions, investors need to assess their own risks and the opportunities associated with the investments. The detailed description of bank account and deposit contracts, securities deals, debit cards, travel insurance services and electronic services are available in the relevant business conditions, Retail Lists of Conditions and Announcements.

<sup>1</sup> All fees for the UniCredit Partner Bonus Extra and Partner Plus Extra Packages not defined herein are subject to the Special Conditions for the UniCredit Partner Bonus Package and the Special Conditions for the UniCredit Partner Plus Package. Other conditions and the detailed description of the bank account agreement are available in the General Business Terms and Conditions of UniCredit Bank Hungary Zrt. and its Terms and Conditions for Retail Clients.

<sup>2</sup> The above fees are charged by the Bank on a promotional and conditional basis. The promotion will last until 30.09.2024. As a precondition for refunding the closing fee, the client must have a total of at least HUF 75,000 in bank transfers credited to their account in the calendar month (not including transfers between the client's own accounts). The account closing fee will be debited to the client's account in the current month and refunded in the following month if the client has met the condition.

<sup>3</sup> Fee calculation method: 0,011% of the amount of credits and debits during the month, but at least the amount indicated. Under the promotion, the Bank waives the amount exceeding the stated minimum. The promotional terms will be valid until 30.09.2024.

<sup>4</sup> For the above number of transactions executed with a debit card or the mCash service, the Bank will waive the fee during the promotional period. The promotion will last until 30.09.2024.. Fees for transactions with debit cards beyond the quantity covered in this promotion will be subject to the conditions set out in the List of Conditions for Debit Cards. Fees for transactions submitted using the mCash service and exceeding the promotional transaction count will be subject to the fees set out in UniCredit Bank's Retail List of Conditions for the Bonus Account Package. When determining the month of the free ATM transaction(s), debit card transaction(s) or mCash transaction(s) incorporated in an account package, the date of booking the transaction to the bank account will be taken into account, i.e. each transaction will be included in the month when it was booked.

<sup>5</sup> In the case of dematerialised debt securities (including dematerialised government securities) and investment funds distributed by the Bank, based on fair market value, as of the last day but one in the quarter, of the average securities balance, on an annualised basis. The market price used for calculating fair market value is, for products listed on the Budapest Stock Exchange, a closing price from no more than 10 stock market days previously or, if such price is not available, the last stock market closing price prior to that date. In the case of securities not listed on the Budapest Stock Exchange, the last OTC average price officially collected and published by the Hungarian Financial Supervisory Authority. In the case of investment funds distributed by the Bank, the net asset value. Otherwise the nominal value of the security. Stock market product: A financial instrument traded on the Budapest Stock Exchange (shares, ETFs, compensation coupons, mortgage bonds, government bonds).

<sup>6</sup> Mainly securities issued in Hungary and denominated in HUF.

<sup>7</sup> The Bank provides the possibility of free-of-charge cash withdrawals in accordance with the provisions of Section 36/A of Act LXXXV of 2009 on the Pursuit of the Business of Payment Services, and the provisions of Decree No. 53/2013 (XI.29.) of the Ministry for the National Economy. A declaration for free-of-charge cash withdrawal may only be made by the holder of the account concerned who meets the legal preconditions and only in respect of one payment account, at a branch or, if the account concerned is linked with the Spectranet Internet Banking service, via the Spectranet Internet Banking interface. If the Client identifies a bank account by indicating the relevant bank card number in their declaration, the discount will be granted on the main bank account behind the card. A valid declaration submitted until the 20th day of a given month will entitle the client to withdraw cash free of charge from the following calendar month, or from the second calendar month if such declaration is submitted after the 20th day of the month. Cash withdrawal free of charge is offered primarily at ATMs and will be discontinued at branch cash desks after 31 December 2014; even until that date, only Clients who did not have a bank card on the bank account stated in their declaration prior to 22.11.2013 may do so. The sequence of free-of-charge transactions is determined according to the actual dates of the cash withdrawals.

---

If the combined amount of the first two transactions falling under the above free-of-charge range exceeds HUF 150,000, the amount above this threshold will be subject to a percentage of the normal transaction fee taking into account the maximum fee as well.

If a client makes unauthorised use of the possibility of free-of-charge cash withdrawal or provides false information in their declaration, the Bank shall be entitled to claim the fee and charges for the free-of-charge cash withdrawal retroactively in a lump sum within the legal limits referred to.

<sup>8</sup> If a Client is entitled, as documented in their declaration submitted to the Bank, to free cash withdrawal under the law (Footnote 7), the ATM fee discount provided for in the account package will not apply in the relevant month.

<sup>9</sup> The definition of transfer also includes official transfers and the execution of collection orders (collection order based on letter of authorisation, collection on promissory note) in case of full and partial completion, on which the Bank will charge a fee dependent on the channel in which the order is submitted (electronically, or on paper not using the original form).
