V1: Fee calculation method: the 0,1% of the total value of successful and settled annual transactions occurred with the bankcard during the 12-month period prior due date. The amount indicated is the minimum amount. The amount above the minimum amount is not charged by the Bank during the promotion period. The promotion period is valid until recalled.

V2: The membership fee is due in the month of expiry, in the same month the first card has been issued, in case a new bankcard is issued during the year (instead of the expiry of the previous bankcard). The due date of membership fee is the first working day following the month of issuance per year, if there was no new card issued during the year.

V3: The Bank provides the above fee during the promotion period. The promotion period is valid until recalled.

V4: Service provided on ATMs operated by UniCredit Bank Hungary Zrt. and GBC financial institutions (that is Banco Popolare Hungary Bank, KDB Bank, Takarékbank, Takarékszövetkezetek, Volksbank)

V5: The Daily ATM limit and the Daily POS Limit can modified after the bankcard application. The limit amount chosen has to be divided by 50.000 HUF.

V6: Above the HUF 500.000 ATM daily limit the applicable limit period is maximum 1 week and based on Bank's individual decision. The limit will be set after 2 days from the application in the system.

V7: Standard value – the account holder can define different value.

V8: Visa Business charge card and Visa Business Gold charge card products are not issued by the Bank from 1st March 2021. VISA International (VISA) imposes the International Service Assessment fee after all transaction made with bankcards bearing VISA logo - in currency other than VISA settlement currency - outside VISA EU region. The rate of the fee is 1% of the value of the transaction according to the current VISA Operation Regulation.

V9: Internet Security Code (ISC) service: a service which is available to make purchase transactions executed with card via Internet more secure and allows the identification of the Card Holder on a higher security level. A secret string (security element) variable from transaction to transaction sent to the recipient of the service to the mobile telephone number (Notification number), which is stored as basic data of the Card Holder and can be modified in the registration system. Internet Security Code is being sent if a Card Holder uses his/her card registered for the service for a purchase transaction via Internet and during the card acceptance the Point of Acceptance uses the authentication method based on the Internet Security Code service on its virtual platform. The Internet Security Code service is automatically activated for cards applied from 15th January 2018.

On 1st April 2019 between 16:30 and 19:30 the Bank will activate the Internet Security Code service for those cards which are active or issued but not yet activated and not enrolled in the service.

V10: Limit for contactless transaction defined by International Card Organisation, and cannot be changed by the client. Since the application of increased limit depends on the date of adjustment executed by the acquirers on the given POS terminal, PIN based authentication might be required in case of some transactions above HUF 5,000 before 15th April 2020. Under HUF 15,000 limit amount PIN code validation is necessary after every fifth consecutive transaction executed under limit amount, if there wasn't any other PIN code validated transaction in the meantime.
