

General terms and conditions

1. This List of Conditions forms an integral annex of the Bank's General Business Conditions.
2. The Bank increases each and every fee or commission specified in the List of Conditions once a year, according to the Central Statistical Office's (KSH) inflation rate published in the calendar month preceding the publication of the relevant List of Conditions. The Bank can differ the level of correction in favour of the Customer.
3. The Bank considers the agreements different to this List of Conditions as promotions valid until cancellation.
4. Fees of HUF transfers and of account maintenance will be debited by the Bank to the customer's account at the last banking day of the month. Fees of HUF transfers from foreign currency (FCY) accounts as well as fees of FCY or international transfers will be debited by the Bank to the customer's account at the time of execution of the order. The charges linked to Securities transactions specified in List of Conditions of Securities Transactions for Enterprises, Municipalities and Business Organisations and the pro-rata part of the deposit charges are payable on a quarterly basis or at the time of terminating the contract. Other occasional fees, commissions and costs will be charged by the Bank to the customer's account at the time of the transaction concerned, in case of engagement for the whole period in advance.
5. Beyond the commissions specified in this List of Conditions, the customer is bound to pay all out-of-pocket expenses of the Bank including postage, courier service, telex, telephone, facsimile message, SWIFT charges, stamp duties and any other out-of-pocket expenses as well as the commissions and costs payable to the partner banks involved in the execution of the relevant transaction.
6. At the calculation of the fees and costs – if the HUF amount calculated on the basis of the percentage rate and/or the FCY exchange rate is not a whole number - the Bank reserves the right to round off sums by rounding down fractions of 0,50 or smaller and rounding up fractions of 0,51 or greater to the nearest whole number.
7. In lack of specific instructions the Bank will leave in the custody of the correspondent bank acceptances presented for bills of exchange accepted under the transactions listed in Points 1 and 3e of Article IV of the List of Conditions.
8. Fees and costs of Documentary Transactions will be collected by the Bank by debiting the customer's HUF account kept with the Bank – independently of the currency of the fees and costs payable. If the Customer does not have any HUF account kept with the Bank, on the day of maturity the Bank will debit the Customer's account kept in any other currency with the counter value of the due fee or cost, calculated at the cross exchange rate of the currency of the account against to the currency of the due fee or cost, valid on the day of maturity at the Bank. If the Customer keeps more different non-HUF accounts with the Bank, the Bank – in the absence of any contrary instruction given by the Customer– is entitled to choose the account(s) to be debited with the costs and fees at its own option. If the Bank's documentary fees are borne by the Client's foreign partner, the Bank's „Standard Terms and Conditions for Foreign Correspondent Banks” are applicable.
