Prior to entering into a business relationship or executing a transaction order, or – if it is necessary to avoid any interruption in the normal course of business, and money laundering or terrorist financing is unlikely to occur – at latest by the date of execution of the first transaction order, the Bank shall carry out the verification of identity of the Client and the actual owner. If the Client is a legal entity or an unincorporated organization, following vetting of the person acting on its behalf or upon its instructions, it is also necessary to carry out the vetting of the legal entity or unincorporated organization itself.
- Any Client who is domiciled abroad is obliged to make a written statement to the Bank, specifying whether he/she is considered an important public figure under the laws of his/her home country. - 3.10. The Client shall inform the Bank in writing or in person of all changes in the data recorded during client vetting or in the person of the actual owner according to Pmt within five working days after he/she obtains knowledge of such changes. The Bank shall accept no liability in the event that the Client does not provide notification of changes in such data, or does so too late,

or provides incorrect data, or if the Client has originally supplied incorrect or false data.

- 3.11. The Bank shall record and keep all data and documents that come to its knowledge concerning the Client upon performance of client vetting during the life of their contract relationship as well as for a period of eight years following termination thereof.
- 3.12. The Client acknowledges that if the Bank is unable to perform client vetting as specified in section I.3 of these General Terms and Conditions – including the case where the Client does not agree to the identification procedure making part of vetting or to the verification of his/her identity, or if client vetting under Pmt cannot be performed due to any other reason, or if any natural person domiciled abroad refuses to make a statement concerning his/her status as an important public figure –, the Bank shall refuse to execute the transaction ordered by the Client through the Payment account for the given Client, or shall refuse to enter into a business relationship or to perform any transaction order, or shall terminate the business relationship existing with that Client.
- 3.13. The Bank shall regard the representatives registered with it as the Client's representatives until any competent department of the Bank receives written notification of withdrawal of the right of representation in a form accepted by the Bank, supported by appropriate documents.

The Bank shall not be liable with respect to any damages that occur in the course of the performance, non-performance or late performance of the Client's instructions due to any legal disputes arising on the Client's side in relation to the changes in the right of representation of the Client.

- 3.14. Any restriction of the power of representation vested upon the Client's authorized representative shown in the relevant registry, or rendering such representative's actions conditional or subject to approval shall only be effective as against the Bank, if the Client expressly notifies the Bank of the restriction, or the necessity of approval or a condition to occur.
- 3.15. The Client shall provide the Bank with a duly issued Signature Card, and undertakes to inform the Bank of any changes in the content of the Signature Card without delay. The Bank shall keep an electronic record of the signatures of the Client, its representative, the person with rights of disposition and any other person specified

by the Client as a permanent proxy holder. The Bank is obliged to check the authenticity of signatures on all of the Client's written instructions. The Bank shall compare the signature on each written instruction with the specimen signature recorded electronically. If the instruction is not signed in the manner recorded with the Bank, the Bank shall be entitled to return the instruction to the Client together with an explanation, and shall not be liable for any damages arising therefrom.

- 3.16. The Bank is entitled to ask its Clients for a proxy in the form of a public document or a private document providing full evidence. Should the conditions of the proxy – according to the Bank's judgment – not be sufficiently clear, or should there be a need to examine other documents in addition to the instrument of proxy or the conditions indicated in the instrument of proxy in order to interpret its content, or should the Client provide the proxy in a manner that is not customary at the Bank, or otherwise disregard the format and content requirements, the Bank shall not be obliged to perform the instruction given based on the proxy. General proxy for cash withdrawal shall be signed solely by the Client (statutory representative) with rights of disposition on the account. Occasional proxy for cash withdrawal shall be signed solely by the person with rights of disposition who signed the concerned cash withdrawal order.
- 3.17. The specimen signatures of employees acting on behalf of the Bank in a given case shall, upon the Client's request, be made available to the Client for inspection in the Bank's premises.
- 3.18. The Bank states that the head of department lacking the legal status of a legal person is not vested with individual power of representation in matters considered necessary for the regular functioning of the department.

4. Orders

- 4.1. The order shall clearly specify the exact name of the Client, the subject of the transaction and all data necessary for the transaction to be executed, prescribed by the Bank, the international rules applying to payment transactions (e.g. SEPA Rulebook), legislative provisions and International Customs. If the Client has provided incorrect or insufficient data for executing the order, or if the order is incorrect from the linguistic point of view, the Bank shall not be liable for any damage that arises as a result. On the other hand, in the case of incoming payment orders to perform against the Client's bank account, the Bank shall verify

- whether the name and number of the Payment account to be debited match those of the account owner's account according to the registry of the Bank.
- 4.2. The Bank shall not be liable for any damage arising from the fact that the various copies of the payment order have been filled out differently by the principal, or that the person submitting the order has misled the Bank or the Client. In terms of performance, the copy of the payment order that remains with the Bank shall be regarded as the authentic one.
- 4.3. The Bank shall, if requested, forward the documents, bill of exchange, cheque, other printed securities, banknote related to the performance of orders – by a method selected with due care as it may reasonably be expected of it – at the Client's risk and expense.
- 4.4. The Client is entitled to submit his/her orders to the Bank in writing (by post, or by submitting a form in the Bank's branches), or based on a separate agreement via the Bank's electronic banking or telephone banking services. For orders that are not submitted on the form applied by the Bank, the Bank shall be entitled to charge a separate fee as specified in the List of Conditions. The Bank shall be entitled to return any orders submitted with a signature error, illegible content or missing data without the order being executed. The Bank shall also consider time-stamped transfer orders placed in the collecting box designed for this purpose in the branch as orders submitted in the branch.
- 4.4.1. Only transfer orders for domestic transfers denominated in HUF, requiring no VIBER transaction, and submitted on the Bank's form used for this purpose may be placed in the collecting box.
- 4.4.2. Orders placed in the collecting box shall be time-stamped by the Client using the time stamper in the proximity of the collecting box prior to putting them into the collecting box. Order placed in the collecting box, which do not bear the date of receipt printed by the Bank's time stamping system shall not be considered complete nor be executed by the Bank.
- 4.4.3. The Bank shall not be liable for any damages arising from the failed execution of transfer orders which have been placed in the collecting box by the Client disregarding the above requirements.
- 4.5. Electronic letters that have been sent via any computer network to the Bank's electronic mailing address shall not be considered as orders.
- 4.6. In the interest of the secure fulfilment of orders given over the telephone, the Bank may in certain cases request that the Client confirms the order, prior to fulfilment, by telephone or by fax. The Bank shall not be liable for any damages resulting from any mistake, misunderstanding or error that occurs during the transfer of information using the telephone or by fax – including the eavesdropping of the phone calls by unauthorized persons.
- 4.7. The Bank is entitled to transform the type of the payment order into another, executable payment order type. The transformation is solely allowed in order to facilitate the performance of the payment order or the optimization of the choice of the settlement systems available for the performance of the payment order. The content of the payment order shall not be altered and the Bank shall arrange the performance of the altered payment order within the same period of time than the time would be needed for the performance of the payment order defined by the Client. The Bank shall not be liable for any damages arising from situations where the Client submits a given type of payment order to the Bank but the order – due to any legislative provision or rule applied by international payment systems – may only be executed through another type of payment order (this refers to the possibility of executing orders in general or by the time required), and while modifying the type of the payment order the content of the order is altered due to the features of the payment system to be applied. The Bank is entitled to modify such payment orders in a way to make it possible to execute them; modification shall only take place in the interest of the Client's payment order to be executed.
- 4.8. Orders shall be submitted by the Client to the Bank during such hours and on such dates that leaves the Bank sufficient time to execute them. The receipt, and the time of receipt (year, month, day, hour, minute) of any order, notice or other document sent to the Bank shall be certified by the data printed on the document by the Bank's time stamping system. The placing of an order in the Bank's post-box does not mean that it has been received by the Bank. With respect to orders sent electronically, the time of receipt shall be the electronic time of receipt registered and recorded by the Bank's IT system.
- 4.9. If the Client requires the order to be executed at a particular future time or wishes it to be executed in a manner that differs from the usual practice, he must draw the attention of the Bank to this on the order. The Client shall be liable for any potential extra costs incurred due to

this, as well as for any damages arising from any failure to indicate such requirements in advance.

- 4.10. The Bank shall consider any order to be fulfilled on a given date and received by the Bank before the due date (standing order, order with value date) as an order received earlier than the ones received and to be executed on the given due date.
- 4.11. In the prevailing List of Conditions, the Bank shall specify the cut-off time within the Bank Business Day – for each type of transaction – up to which the Bank shall perform its tasks relating to the fulfilment of received orders with no specification of a later value date on the given day. After this time, the Bank shall consider any orders with no specification of a later value date received on the given day as arrived on the Bank Business Day following the day in question, except the cases described section 3.8. Orders with the specification of a later value date shall be considered to be received on the value date and the Bank shall perform its tasks deriving from the order on the value date previously to the non-advantageously ranking orders received on the given date.
- 4.12. The Bank shall only start and perform the processing of the Client's orders by the deadline specified in its List of Conditions if all data necessary for such performance – including identification of the persons with rights of disposition – as well as the financial coverage necessary are available to the Bank. Deadlines specified in the List of Conditions shall only be adhered to by the Bank if payment orders are completed with correct and accurate data, and require no separate handling. The Bank reserves the right to make any corrections if according to its judgment it is possible to complete the missing data based on the ones provided on the order, but as a result, the parties may consider as if the payment order was received on the next Bank Business Day, or the Bank may refuse to execute the order without any consideration. The Bank shall inform the Client of such rejection. The Bank may perform partial execution if only a part of the necessary coverage is available, should a legislative provision so require. The Client understands that if there is a lack of funds, the Bank shall put the order(s) on hold and place it/them in a queue. If, on the first Bank Business Day following the submission and/or value date of the order(s) uncovered, the funds are made available, the Bank shall perform the transfer(s) that are on hold prior to executing the transfer orders that arrive on that day. If the required funds are still not available, the Bank shall – unless prohibited by a provision of the law – may delete the transfer orders on hold within

In the event of any dispute, the recorded information and data shall be considered as authentic and of full probative value by both the Bank and the Account Owner without the Account Owner contesting their authenticity.
- 1.2.10. The Account Owner acknowledges that the Bank shall only consider an order submitted if it is registered by the Bank.

1.3. Liability, security

- 1.3.1. The User shall be obliged to keep any password, identifier or identification code (e.g. PIN) depending on the Service (hereinafter jointly: User identifier) confidential, and to ensure that no unauthorized

third person(s) may access the User identifier nor the tools (e.g. software, Token, communication key disk, SIM card) needed for using the Service. The Bank shall accept no liability for any damages arising from the non-observance of these obligations or from unauthorized use. The Bank shall be entitled to withdraw the tools necessary for using the Service should their use conflict with the agreement or any provision of law.

- 1.3.2. If the Account Owner or the User is aware or may reasonably suppose that the User identifier has become known to any unauthorized third person, or that the tool needed for using the Service get out of his/her possession (including loss or theft of the tool), or that there is an unauthorized transaction in the Account or on the Account Statement, or that any unauthorized payment transaction was initiated against his/her Account using an electronic means of payment, the Account Owner or the User shall be obliged to inform the Bank about it immediately in writing, in person, through registered post or over the phone on any day of the year at any time by dialling 06-40-50-40-50 or +36-1 325-3200 (Telefonbank) and to initiate the blocking/denying of the access or the modification of the User Identifier. The notification shall contain the client number, the user identifier and the description of the event as a minimum. In addition to the above data, the Bank may request further information when the notification is made.
- 1.3.3. Apart from the information specified in the above section 1.3.2, the Account Owner may request the correction of any payment transaction which was not approved or approved but executed incorrectly immediately upon execution of the payment order, but at latest until the day corresponding to the date of debiting of the Account in the second month following the date of execution of the payment order. If in the month of expiration there is no calendar day corresponding to the date of debiting, the deadline shall expire on the last day of the month.
- 1.3.4. The Account Owner shall be liable for any damages arising prior to the receipt of the written notification or the notification given over the phone in compliance with the prevailing provisions of laws on payment services. For any damage arising after such notifications, the Bank shall be held liable. The Bank shall be released from such liability if it proves that the damage is due to a breach of contract by the Account Owner or the

User committed deliberately or through serious negligence (e.g. breach of the obligation to keep security elements safe etc.).

1.3.5. The Account Owner shall be liable for any damages arising from the wilful misconduct or gross negligence of the Account Owner or the User, or from any abuse of the identification data. In particular, the Account Owner shall solely be liable for any damages arising from the loss, theft or careless handling of the Token, User identifier and PIN code, or from the access of any unauthorized person(s) to the system and all transactions effected in connection with the account. The Account Owner shall be obliged to pay damages in such cases if the Bank suffers damages from such events, and if there is evidence that the damage has arisen due to the negligence or wilful misconduct of the Account Owner/User. Violation of security measures set out in these Terms and Conditions shall be considered serious negligence. The Account Owner shall be held liable for the actions of all persons whom he/she enabled to use the Service, either intentionally or through negligence, and such actions shall be deemed as if they had been carried out by the Account Owner. To certify the extent of damages suffered by the Bank, the Account Owner shall accept the data provided by the Bank, with detailed explanation upon request of the Account Owner.

1.3.6. The Bank shall accept no liability for any direct and indirect damage arising from the defective operation of the program, not even if the Bank was informed about the possibility of the damage or if the damage was caused by the temporary limitation of the service or the alteration of the program. The Bank may send corrections in case of program errors to the Account Owner on a Durable Medium, through a telephone line or via the Internet. The Bank shall only be liable for damages that have arisen due to the Bank's serious breach of obligations, and only to the extent that the damage was caused by its own serious breach of obligations. In such cases, unrealized profit shall not be considered a damage.

1.3.7. The Account Owner shall be fully liable for all damages caused by computer viruses that have certifiably been transmitted to the Bank through the Account Owner or the User.

1.3.8. The Bank shall define the fee of the Services specified in the prevailing List of Conditions with respect to the present provisions for the restriction or exclusion of liability.

1.3.9. The system of a certain Service may, in justified cases, ban Users or reject the orders submitted in order to make it more difficult to abuse of the system.

1.3.10. Banning or blocking may be avoided if the Service is used properly, which is why the Bank accepts no liability for any damages arising from banning/blocking.

1.4. Termination of the Service Agreement

1.4.1. The Account Owner is entitled to cancel the Framework Agreement as well as the Service Agreement at any time without cause in writing, by giving a one-month notice. In this case, the Account Owner shall reimburse all costs incurred by the Bank in connection with termination. The Bank is entitled to cancel the Framework Agreement as well as the Service Agreement at any time without cause in writing, by giving a two-month notice.

1.4.7. Should the Service be terminated by either party, the Account Owner shall not be entitled to reclaim the fees he/she had paid.

1.5. Fees, charges and costs

1.5.1. The Account Owner shall pay a fee to the Bank for the use of the Service. The actual fees of the Services subscribed to by the Account Owner are defined in the agreement to be concluded with the Account Owner and in the List of Conditions. The Bank shall be entitled to debit the account designated by the Account Owner or any account of the Account Owner maintained with the Bank with the fees falling due without any further consultation of the Account Owner.

1.5.2. The costs shall be debited when they arise or on the last Bank Business Day of every month or quarter as a lump sum. If the Account Owner fails to pay any fee falling due despite being called upon to do so, the Bank shall be entitled to suspend the Service as well as the remote electronic access to the account.

1.5.3. The Bank reserves the right to modify the fees as of a specific date by notifying the Account Owner of this fact in advance.

1.5.4. The Bank shall notify the Account Owner of its intention to modify the Framework Agreement at least 2 months before the modification takes effect. The modification shall be deemed accepted by the Account Owner if he/she does not notify the Bank of the contrary before the modification

takes effect. If the Account Owner notifies the Bank of the fact that he/she does not accept the modification, the Framework Agreement shall be automatically terminated on the working day preceding the effective date of the modification.

1.5.5. Until the date preceding the entry into force of the modification, Account Owners which are clients qualifying as consumer or micro-enterprise are entitled to cancel the Framework Agreement with immediate effect, free of any fees, costs or other payment obligations. In such a case, during the notice period the Account Owner shall pay the Bank the fee that was originally established.

1.5.6. If the Client is not a micro-enterprise or a consumer, the Bank is entitled to unilaterally modify the amount of fees according to the Terms and Conditions for Corporate Clients and Municipalities 15 days prior to the effective date of the modification.

If the person authorized to dispose of the account gives a payment order to the Bank electronically (hereinafter: electronic order), the parties agree that the time of receipt by the Bank shall be the time registered by the Bank's computer system. The order of arrival of electronic orders shall be the order of items arrived to the Bank.
- 3.2.6. Electronic orders submitted by the Account Owner which, according to the framework agreement or the law, may only be executed against submission of certain documents by the Account Owner or any third party to the Bank, or only if the Bank or any third party performs a verification of documents, may only be executed after all these obligations are fulfilled.
- 3.2.7. For the scope and amount of electronic orders, the Bank may stipulate limits in the List of Conditions and in these Terms and Conditions. The Bank is entitled to unilaterally modify such limits – even if this is unfavourable to the Account Owner – in the manner specified in these Terms and Conditions.
- 3.2.8. The content and date of the payment order appear on the document containing the payment order in the case of orders submitted on a form, or in the case of other types of payment orders they are contained in the electronic data.
- 3.2.9. **Authentication by Token**
- 3.2.9.1. The User shall generate the Password to log on to the Internet Banking and the Mobil Banking systems and to authenticate orders by using a Token.

- 3.2.9.2. After the appropriate PIN code is entered, Token shall generate a 6-digit code number also depending on the time of use and the serial number of the device, valid for 30 seconds.
- 3.2.9.3. The Bank shall make the Token available to Users following signing of the Internet Banking or Mobil Banking Agreement or the form specifically designed for this purpose by the Account Owner, by handing over the Token to the Account Owner or the authorized person for the period of using the Service. In the case of more than one User, the Account Owner shall arrange for the Token to be handed over to the Users designated on the form. The Bank reserves the right to charge the Account Owner a use fee or compensation fee for the use of the Token provided to him/her the amount of which is specified in the agreement or in the List of Conditions. In the event that the Account Owner does not return all Tokens in a proper condition upon termination of the Service Agreement, the Bank shall be entitled to charge the Account Owner the fee specified in the List of Conditions. Information on the use of the Token can be found in the manual attached to the Token and in the Help menu of the Internet Banking and Mobil Banking systems.
- 3.2.9.4. The User may change the PIN code of the Token at any time. The User shall be obliged to change the initial PIN code provided when receiving the Token, and later if he/she learns or suspects that the PIN code was obtained by any unauthorized person.
- 3.2.9.5. The User shall use the Token provided by the Bank properly, and maintain it in a good state of preservation. In the event of the Token's failure and upon request of the Account Owner the Bank shall provide for the change of the Token. The Account Owner shall be obliged to return the faulty Token to the Bank. If the Token gets damaged or is lost, the Bank reserves the right to debit the Account Owner's account with the fee of issuance of a new Token specified in the List of Conditions.
- 3.2.9.6. The Bank reserves the right to debit the Account Owner's account with the use fee of the Token handed over free of charge or to terminate the Service Agreement if the User does not use the Internet Banking or Mobil Banking system for a long period of time (at least for 3 months) for effecting transactions.

3.2.9.7. The program running on the Bank's server checks if the code series generated by the given User through the Token assigned to him/her at a given time, entered by the User when accessing the Internet Banking or Mobil Banking system or sending orders to the Bank, is the same as the code generated by the Bank's server at the same time, belonging to the Token bearing the given serial number. If there is a difference between the two code series, the server shall refuse access to the system and the sending of the order to the Bank. All transactions that are certifiably initiated by the User logged in with a given User identifier, and authenticated by the Security Code generated by the Token assigned to the User shall in all circumstances be considered by the Bank as transactions initiated by the authorized user of the system. The Bank shall not examine the authority of the person using the User identifier or the Token to use them, nor the circumstances of use.

3.2.10. Authentication by SMS

3.2.10.1. The User shall use a normal Password (for multiple uses) to log on to the Internet Banking and the Mobil Banking systems. To log on to the system for the first time, the Bank shall send the User's initial log-on Password in a text message. The User shall be obliged to change the log-on Password immediately after logging on to the system for the first time, and later if he/she learns or suspects that it was obtained by any unauthorized person. The log-on Password may be a series of characters consisting of at least 4 and maximum 12 characters and containing letters without accents and/or numbers, which may be freely determined by the User. The system shall make no distinction between small and capital letters. To make the use of the system even more secure, it is recommended to change the log-on Password at least every 30 days.

3.2.10.2. For the authentication of orders, the User shall use a password sent by the Bank to his/her mobile phone number (specified in the agreement or on the form specifically designed for that purpose) for a single use. In the case of distribution through commission trade, the Account Owner shall use a regular password to log on to the Internet Banking and the Mobil Banking systems, while the authentication of orders requires the use of passwords for a single use sent to the Account Owner's mobile phone

number by the Bank in a text message. The Bank shall send the initial log-in password as well as passwords for the authentication of orders in text messages to the User's mobile phone number specified in the Service Agreement.

3.2.10.3. The Password sent by the Bank in a text message for the authentication of orders for a single use shall be valid for 5 minutes. If the User performs the authentication of the given order with the password sent in a text message for a single use subsequent to this deadline, the Bank shall refuse authentication.

3.2.10.4. The User may change at his/her sole discretion the mobile phone number to which the Bank should send the Password for a single use necessary to authenticate orders.

3.2.10.5. The Bank shall only send text messages to mobile phone numbers belonging to networks of domestic GSM service providers.

3.2.10.6. The program running on the Bank's server checks if the Password entered by the given User to log on to the system or to send orders to the Bank at a given time is the same as the log-in Password registered on the Bank's server in an encrypted format, or the signature Password sent by the Bank in a text message in order to authenticate the given order. If there is a difference between the two code series, the server rejects access to the system or the authentication of the order. All transactions that are certifiably initiated by the User logged in with a given User identifier, and authenticated by the Password assigned to the User shall in all circumstances be considered by the Bank as transactions initiated by the authorized user of the system. The Bank shall not examine the authority of the person using the User identifier or the Password (mobile phone) to use them, nor the circumstances of use. The Bank shall bear no responsibility for any damage incurred by the Account Owner or any other persons due to any transaction initiated by using the User identifier and authenticated by the Password assigned to it but originating from an unauthorized person.

3.2.10.7. The User may at any time switch from authentication by a Token to authentication based on Passwords sent in text messages (and vice versa), based on the written statement of the

Account Owner in the form required by the Bank or through Telefonbank following identification, against payment of the fee defined in the prevailing List of Conditions. If the User switches to authentication based on Passwords sent in text messages, he/she shall return the Token made available to him/her to the Bank. In the event that the Account Owner does not return the Token in a proper condition or at all, the Bank shall be entitled to charge the Account Owner the Token compensation fee specified in the prevailing List of Conditions.

3.2.10.8. The Account Owner shall designate in the Agreement or on the form specifically designed for that purpose his/her bank accounts and the levels of authorization at which he /she wishes to provide access rights to a given User to such accounts within the Internet Banking and the Mobil Banking services.

3.2.10.9. In the event that a User also has access to the accounts of a given Account Owner through Internet Banking, Mobil Banking or a V-5.10-01. or higher version of Spectra or Spectra Light System installed, the authorizations granted to the User for various systems shall be handled in an integrated manner, meaning that the granting of authorization or any amendment thereof in any system (V-5-10-01 or higher version of Spectra or Spectra Light installed and Internet Banking, Mobil Banking) shall be effective in the other systems, as well. The only exceptions to this rule are Transaction and Daily Limits, in case of V-5-10-01 or higher version of Spectra or Spectra Light installed.

3.2.10.10. The Bank ensures the integrated management of orders recorded through the Internet Banking Plusz and Mobil Banking Plusz services and the V-5.10-01 or higher version of Spectra or Spectra Light Client Program through an Electronic Mailbox service maintained on a Bank server. The Electronic Mailbox solely serves the purpose of placing orders or removing orders from there through the Spectra or Spectra Light Client Program installed, or the Internet Banking Plusz and Mobil Banking Plusz services so that the order package can be forwarded to a different Spectra or Spectra Light installation location, and these can be accessible through the Internet Banking Plusz and Mobil Banking Plusz services. Based on a separate contract the above Electronic Mailbox service can be also available through V-5.10-01 or lower

versions installed of Spectra Client Program, but these Client Programs are not able to the above cooperation with the higher version of Client Programs and the Internet Banking Plusz and Mobil Banking Plusz services.

Prepared order packages placed in the Electronic Mailbox may be picked up from there by using a different (or the same) Spectra or Spectra Light Client Program installed or the Internet Banking Plusz and Mobil Banking Plusz services in order to perform further transactions (modification, signing, sending to the Bank). An Electronic Mailbox may only be accessed by the Users of Spectra or Spectra Light Client Programs installed as well as those of the Internet Banking Plusz and Mobil Banking Plusz systems who are capable of handling the Client Number assigned to the Electronic Mailbox. In other words, placing the orders in the Electronic Mailbox shall not mean their sending to the Bank.

3.2.10.11. The service allowing the transmission of orders (from purpose of signing, modification or sending it to the Bank) between the Internet Banking (Plusz and Light) and the Mobil Banking (Plusz and Light) systems is automatically available, neither the use of an Electronic Mailbox detailed in section 3.2.10.10., nor a separate contract is necessary.

3.2.10.12. Specification of authorizations for the User(s) to dispose of accounts is made by a so-called authorization score. The authorization score may be specified for each account. In order for the Bank to accept an order, the score of the User signing the order must be at least 10, and if there are several signatories, their total score must be at least 10 (e.g. two signatories should have 5 points each). If the score is zero, then the User, having a log-in Password, shall only have a right of inquiry.

If the Account Owner grants any right of disposal over a given account to the User in the Agreement or on the form specifically designed for this purpose but defines no authorization score, then the given User shall have a default level of authorization set by the Bank over the given account. Default authorization score set by the Bank: 10 points.

3.2.10.13. For sending orders through a free-format letter or any kind of letter as specified in the prevailing client information, it is needed to determine the 'score for signing letters' on the form provided

by the Bank. To the score(s) of signature(s) of the User(s) the above provisions shall apply. The prevailing Client Information shall specify whether the verification of authorizations to sign for a given order type shall be done on the basis of a so-called 'score for signing letters' or based on the authorization score set for the given account.

In the case of business partnerships, the right of corporate signature or the right for signing letters may only be granted to the authorized representatives of the company. The Bank shall not verify the authorizations of the person assigned, so the Account Owner shall be liable for the conformity of the said person to these provisions.

- 3.2.10.14. In a free-format letter, no orders, instructions regarding any account or any other instructions may be submitted which could otherwise be forwarded directly within the system, using a function available to the given user. The Bank shall execute incoming orders according to its business regulations, and shall disregard any letters whose contents are not in line with or conflict with its business regulations.
- 3.2.10.15. If the Account Owner granted the User a right of inquiry extending to all accounts – in the Agreement or on the form specifically designed for this purpose –, then the User shall have the right to make inquiries regarding account balances, transactions history and account statements for any current and future accounts of the Account Owner (including bank accounts, client accounts, deposit accounts and credit accounts, as well). The "right of inquiry extending to all accounts" does not include securities accounts. Rights of inquiry or disposal over securities accounts shall be regulated on an individual basis.
- 3.2.10.16. Balances of deposit accounts as well as the details of individual fixed deposits are accessible for inquiry without any special setting of authorizations to Users who have at least a right of inquiry over the account in which the deposit was made.
- 3.2.10.17. The User may initiate transfer orders in HUF to the benefit of a Payment account maintained with a Hungarian credit institution only by completing a domestic HUF mask (data input field), and transfer orders in a foreign currency only by completing the foreign currency transfer mask. The Bank reserves the right not to execute HUF transfer

orders to credit a Payment account maintained with a Hungarian credit institution if the foreign currency transfer mask was completed, and foreign currency transfer orders if the domestic HUF mask was completed, and such orders may be cancelled by the bank upon notification of the Account Owner on this fact. The Bank shall not be liable for any damages or consequences arising from the non-execution of such orders.

- 3.2.10.18. Transfer orders in HUF to the benefit of a Payment account maintained with a foreign credit institution shall qualify foreign currency transfer orders, so they may only be submitted to the Bank by the User completing the foreign currency transfer mask.
- 3.2.10.19. The Internet Banking and the Mobil Banking systems enable the use of so-called templates which facilitates the completing of orders submitted in favour of beneficiaries to whom the Account Owner initiates transfers frequently. The Internet Banking and the Mobil Banking systems save the templates by Account Owners; therefore, if a User saves a template, such template may also be managed by another User belonging to the same Account Owner. The templates saved in the Internet Banking system are also available in the Mobil banking system, and vice versa.
- 3.2.10.20. The Account Owner acknowledges that the Bank shall only consider an order submitted if it is successfully sent to the Bank's server. After an order is sent, a confirmation message shall appear on the screen of the Internet Banking or the Mobil Banking system if the order was received by the Bank. If, among the orders sent, there are orders that were not accepted by the Bank (e.g. wrong signature password, or further signatures required), the message appearing shall contain the list of orders rejected together with the reasons of rejection. The Bank shall be entitled to reject any order which, on the basis of these Terms and Conditions or the special business regulations pertaining to different transaction types of credit institutions, cannot be executed. The Bank shall accept no liability for any damages arising from such procedures. The status of orders may be retrieved in the menu item "Sent orders".
- 3.2.10.21. The Bank may reject any orders submitted via the Internet Banking or the Mobil Banking system that are sent to the Bank's account management system later than 30 days from signature.

3.3. Security

- 3.3.1. The User shall be automatically banned (both from the Internet Banking and the Mobil Banking systems) following three unsuccessful attempts in a row to sign in the Internet Banking or the Mobil Banking system with a Password not matching the User identifier, or following three unsuccessful attempts in a row to authenticate an order with a Password not matching the User identifier. Banning of the User can be cancelled based on the written statement of the User provided in the manner required by the Bank or through Telefonbank following identification.
- 3.3.2. The Token shall be automatically blocked following three attempts in a row to generate a Password with a wrong PIN code. Blocking of the Token can be cancelled based on the written statement of the Account Owner or the User provided in the manner required by the Bank or through Telefonbank following identification.
- 3.3.3. Banning or blocking may be avoided if the Service is used properly and carefully, which is why the Bank accepts no liability for any damages arising from such actions.
- 3.3.4. The Bank concludes the Agreement regarding the Service with the Transaction and Daily Limits set by the Account Owner up to the maximum amount of the limits.
- 3.3.5. The maximum amount of the Transaction Limit is HUF 10,000,000 (or its foreign currency equivalent); exceptions may only be made on the basis of a separate agreement (the duly defined limit amount is contained in the agreement or on the appropriate authorization form of the User).
- 3.3.6. Unless the prevailing List of Conditions or announcements related to the given product provide otherwise, the maximum amount of the Daily Limit is HUF 10,000,000 (or its foreign currency equivalent); exceptions may only be made on the basis of a separate agreement. (the duly defined limit amount is contained in the agreement or on the appropriate authorization form of the User) The Daily Limit shall be verified by the system when the order is sent to the Bank; accordingly, the Bank shall reduce the amount of Daily Limit for the User's given Account by the amount of the order on the date of sending. In case the User has both Internet Banking and Mobil

Banking access for a given account, the Daily Limit includes the aggregate amount of the orders sent through the above services.

- 3.3.7. The Bank shall execute the User's transaction orders only within the limit over which the User has a right of disposal. The Bank shall execute payments only up to the amount of limit specified, and refuse the execution of those exceeding such amounts. Transaction or Daily Limits may only be modified based on the written statement of the Account Owner provided in the manner required by the Bank or through Telefonbank, by the Account Owner, following identification.

The Account Owner acknowledges that if the Bank changes the maximum amount of the Transaction/ Daily Limit, and one or all of the limits defined by the Account Owner exceed(s) that limit, the chosen limit amount shall be changed even without amendment of the individual Agreement to the bank's standard limit, as of the effective date of modification.

- 3.3.8. The Account Owner acknowledges that – for the protection of the Account Owners – the Bank is entitled to the unilaterally limitation of the Transaction- and the Daily Limit regarding the Mobil Banking with immediate effect without any prior written notification of the Account Owners and the Users – but by notifying them at the same time through the systems – if it is reasonable according to the bank risks, especially in case of mass- or targeted phishing attacks.
- 3.3.9. If the Account Owner or the User does not define any Transaction or Daily Limit in the Agreement or on the form specifically designed for this purpose, then the given User, if having a right of disposal, shall be entitled to dispose of the given account up to the default amount set by the Bank. The default Transaction Limit set by the Bank for bank accounts maintained in HUF is HUF 200,000 and the Daily Limit is HUF 500,000. For bank accounts maintained in euros, the respective limits are EUR 1,000 and EUR 2,000.

In the case of Users for whom only one Daily and Transaction Limit had been set in the Agreement or on the form specifically designed for this purpose (i.e. there are no different limits for each bank account), the limits specified shall apply to each Payment account managed by the User. In

this case, limit amounts specified in HUF shall be converted – for FX accounts – using the FX mid-rate of the Bank applicable on 30/11/2007.

4. Electronic Banking Services II (Home Banking)

4.1. Definitions in addition to section I.2 (Definitions) of the Terms and Conditions:

Client program (CP) – the software made available to the Account Owner by the Bank, which is able to communicate with the given Home Banking electronic bank system (“System”).

Initial login password – a code randomly generated by the Bank through the Spectra or Spectra Light System, which ensures the first login to the Spectra or Spectra Light system for the User.

Login password – a code specified by the User following the first login to the Spectra or Spectra Light system, and registered by the System, which can contain both letters and numbers.

Signature password – a code defined by the User and registered by the given Home Banking System, which can contain both letters and figures. The Bank shall consider this password equivalent to the signature identical to the specimen signature of the Account Owner and of the person with rights of disposition specified by the Account Owner, as provided to and accepted by the Bank.

Electronic signature – a series of numbers placed at the end of orders generated by the Home Banking Client program, which constitutes the control amount for the given data, coded by the signature password of the “signatory”.

Custom installation program identifier – a code to be used in installing the Spectra or Spectra Light system with the purpose of clearly identifying the system. The identifier identifies the location, i.e. if the Account Owner wishes to use the same client number at more than one location, it shall require the generation of separate identifiers for each location.

User Manual – an electronic or printed documentation containing detailed information on the operation, use and services of the given Home Banking System as well as other useful information.

Installation Package – includes the Installation Guide, the installation CD-ROM, the Custom installation program identifier and the envelope containing the Initial login password(s).

BPD file, communication key disk – a custom tool to identify the Account Owner or the User (e.g. floppy disk).

4.2. Copyright

- 4.2.1. The Account Owner may use as many copies of the Client program as many authorizations he/she was granted, or as many Client programs he/she paid the one-time entry fee for. One licence of the software shall not be used on more than one computer at the same time.
- 4.2.2. The Account Owner is entitled to make a copy of the software, but the copy shall be used solely for the purpose of safekeeping, protection or archiving.
- 4.2.3. Use of the Client program shall also include the case where the Account Owner stores it in the random access memory (RAM) of a given computer or installs the software on a permanent data storage unit (hard disk, CD-ROM) of a given computer or network server, unless the copy is stored in a network which is only used for forwarding data to other computers.
- 4.2.4. The Bank shall transfer the right of use of the software in accordance with the rules of copyright; therefore, the software shall be regarded as a protected product according to laws on copyright, international treaties and the local regulations in each country. Based on the above, the Client program shall be considered as a product protected by copyright. Copying the User Manual or any written or electronic materials provided with the product is not allowed.
- 4.2.5. The Account Owner is not allowed to transfer the software for use or in possession to third parties, or to grant them a right of disposal over it, but the Account Owner is entitled to transfer its rights deriving from the Service Agreement exclusively to its legal successor in a definitive manner, provided that the Account Owner transfers all copies of the software and all written materials, and if the recipient enters into an agreement with the Bank.
- 4.2.6. By signing the Service Agreement, the Account Owner shall assume the obligation to preserve the software, the user manual and other information materials provided by the Bank with due care, and to protect them from being used by unauthorized parties, copied, modified or made public.

4.2.7. The Account Owner shall be held liable for any damages suffered by the Bank or any third parties due to the breach of the copyright. The Bank shall accept no liability for any damages arising from the unauthorized or improper use of the software. The Account Owner shall be fully liable to pay damages to the Bank in the case of any loss suffered by the Bank due to any damaging of the software, failure to meet any notification obligation, unauthorized use, lending, transfer and/or modification of the software.

4.2.8. Should the provision of the service be cancelled by either party, the Account Owner shall be obliged to stop using the system, to delete the software and to return all the tools, data carriers, the User Manual, and any other information materials received from the Bank no later than by the date of termination of the Service Agreement.

4.3. Security

4.3.1. The User shall be banned from the system if:

- a wrong login/bank password is entered three times in a row upon login, or
- sending of orders with an incorrect electronic signature of the given User is attempted three times in a row.

4.3.2. Following banning, the banned User shall not be able to log on the system even with a correct login password, and the electronic signature generated with his/her correct signature password shall also be refused by the Home Banking System. Banning of the User may be released in the case of Spectra and Spectra Light by the written statement of the Account Owner provided in the form required by the Bank, or in case of MultiCash with the Bank's approval and initialization of a new BPD file. Banning may be avoided if the Service is used properly, which is why the Bank accepts no liability for any damages arising from banning.

4.3.3. Electronic signature(s) and the authorization levels assigned to them are verified by the Bank. Home Banking accepts the electronic signature as being correct if after decoding the control amount of the coded data is matching the content of the set of data submitted with the order signed. Accordingly, the system does not accept electronic signatures if:

- a wrong signature password is used when generating the signature, or
- the content of data of the orders is changed following electronic signature.

If the electronic signature is correct, the Bank declines any liability for any damages arising from the use of the system or any unauthorized disposal over the account.

4.3.4. If an incorrect password is entered, the CP calls the User's attention to this fact and login shall fail. The CP sends a warning message concerning problems with the electronic signature in case of MultiCash at the time of signing, while in the case of Spectra and Spectra Light only when the order package is sent.

4.3.5. The Bank may reject any electronic orders submitted via the CP system that are sent to the Bank's account management system later than 30 days from electronic signature (in case of MultiCash, this only applies to items waiting for remote signature).

4.3.6. The User is obliged to change the initial login password following the first login. By knowing the valid password, the User is entitled to unilaterally modify his/her login and signature passwords at any time.

4.4. Spectra and Spectra Light

4.4.1. By concluding the Service Agreement, the Bank agrees to execute the orders sent by the Account Owner or the User through the Client Program, and to provide information that is available for inquiry through the Client Program. Registration of the CP – which takes places after an order for registration is submitted – may be done as soon as the signature password is set for the authorized User.

4.4.2. The Account Owner shall receive an Installation Guide in a printed form, which contains the most important information needed for the installation of the program. The User Manual containing detailed information on the operation, use and services of the Spectra or Spectra Light system as well as other useful information is available in an electronic format on the installation CD-ROM, or in the Help menu of the Client Program following installation. The list of services available through the Spectra or Spectra Light system is contained in the prevailing client information related to Spectra or Spectra Light services.

4.4.3.

- Specification of authorizations for the User(s) to dispose of accounts is made by a so-called authorization score. The authorization score may be specified for each account. In order for the Bank to

accept an order, the score of the User signing the order must be at least 10, and if there are several signatories, their total score must be at least 10 (e.g. two signatories should have 5 points each). If the score is zero, then the User, having a log-in Password, shall only have a right of inquiry.

- b) For sending orders through a free-format letter or any kind of letter as specified in the prevailing client information, it is needed to determine the 'score for signing letters' or score for corporate signature on the form provided by the Bank. To the score(s) of signature(s) of the User(s) the above provisions shall apply. The prevailing Client Information shall specify whether the verification of authorizations to sign for a given order type shall be done on the basis of a so-called 'score for signing letters' or based on the authorization score set for the given account. In the case of business partnerships, the right of corporate signature or the right for signing letters may only be granted to the authorized representatives of the company. If client programs with version numbers below V5.10-01 are used, in the case of orders for deposit making, cancellation of deposit, cash delivery or Investment Funds, the verification of signature authorizations is also performed on the basis of the so-called 'score for signing letters', meaning that in the case of business partnerships such orders may only be submitted by the authorized representatives of the company.
 In a free-format letter, no orders, instructions regarding any account or any other instructions may be submitted which could otherwise be forwarded directly within the system, using a function available to the given user. This does not apply to the customs duty (customs and community tax), and to transfer orders concerning the payment of customs deposit, regarding which the customs authority has a right to online inquiry. The Bank shall execute incoming orders according to its business regulations, and shall disregard any letters whose contents are not in line with or conflict with its business regulations.
 - c) If the Account Owner granted the User a right of inquiry extending to all accounts – in the Agreement or on the form specifically designed for this purpose –, then the User shall have the right to make inquiries regarding account balances, transactions history and account statements for any current and future accounts of the Account Owner (including bank accounts, client accounts, deposit accounts and credit accounts, as well). The "right of inquiry extending to all accounts" does not include securities accounts. Rights of inquiry or disposal over securities accounts shall be regulated on an individual basis.
 - d) Balances of deposit accounts as well as the details of individual fixed deposits are accessible for inquiry without any special setting of authorizations to Users who have at least a right of inquiry over the account in which the deposit was made.
 - e) If the set of data in a given order does not have the necessary electronic signature(s) worth at least 10 points, the program shall call the User's attention to this fact upon submission of the order while rejecting the order as well as its execution. The Bank shall accept no liability for any damages arising from such procedures.
- 4.4.4. During the use of the system, the Bank allows for the downloading of account statements to a PC.
 - 4.4.5. The system enables the use of so-called templates which facilitates the completing of orders submitted in favour of beneficiaries to whom the Account Owner initiates transfers frequently. The system saves the templates by Account Owners; therefore, if a User saves a template, such template may also be managed by another User belonging to the same Account Owner.
 - 4.4.6. The Account Owner acknowledges that the Bank shall only consider an order submitted if it is successfully sent to the Bank's server. On the screen of the CP, a confirmation message shall appear if the order was received by the Bank's computer. The Bank shall be entitled to reject any order which, on the basis of these General Terms and Conditions or the special business regulations pertaining to different transaction types of credit institutions, cannot be executed. The status of orders may be retrieved in the menu item 'Sent orders'.
 - 4.4.7. The Bank may reject any orders that are sent to the Bank's account management system later than 30 days from signature.
 - 4.4.8. The Account Owner may initiate transfer orders in HUF to the benefit of a Payment account maintained with a Hungarian credit institution only by completing a domestic HUF mask (data input field), and transfer orders in a foreign currency only by completing the foreign currency transfer mask. The Bank reserves the right not to execute HUF transfer orders to credit a Payment account maintained with a Hungarian credit institution if the foreign currency transfer mask was completed, and foreign currency transfer orders if the domestic HUF mask was completed, and such orders may be cancelled by the bank upon notification of

the Account Owner on this fact. The Bank shall not be liable for any damages or consequences arising from the non-execution of such orders.

- 4.4.9. Transfer orders in HUF to the benefit of a Payment account maintained with a foreign credit institution shall qualify foreign currency transfer orders, so they may only be submitted to the Bank by the Account Owner completing the foreign currency transfer mask.

4.5. Multicash

- 4.5.1. The Bank delivers the Client program by installing it to the personal computer of the Account Owner together with the User Manual. The description of the Client program and the rules of its use are contained in the User Manual, and the essential technical conditions for the use of the program are included in the Client Information attached as an Annex to the MultiCash Service Agreement. Upon installing the Client program, the Bank shall provide a one-time training free of charge to the staff of the Account Owner.
- 4.5.2. For a fee agreed upon, the Bank shall deliver the program packages ordered together with the program manual and the communication key disk or signature disk(s), and shall ensure the maintenance of the Client program.
- 4.5.3. The maintenance service of the Bank includes:
- delivering the latest version of the software approved by the Bank,
 - delivering the modifications to the current version of the software,
 - delivering any new documentation,

The Bank will consider, in all circumstances, the transactions initiated provably by a given User gaining access by a User Identification and authenticated by the PIN code used by the User as if they were initiated by the authorised User of the system. The Bank does not examine the authority of the User of the User Identification and of the PIN code for use of the mobile device and/or the User ID and the PIN code or the circumstances of use. The Bank is entitled to reject orders where they cannot be fulfilled under these General Terms and Conditions or the specific business rules on various credit institution transaction types. The Bank will not be liable for any damage caused by such procedures. The status of an order can be queried through the 'Sent orders' Menu point.

The system will check the Daily Limit when the order is submitted to the Bank and, based on this, will reduce the amount of the user's Daily Limit on the orders that can be issued via the UniCredit Mobile service by the amount of the order on the day of its submission.

5.4.4. The Account Holder acknowledges that if the Bank changes the maximum amount of the Transaction / Daily Limit and the limit specified by the Account Holder exceeds it, the limit amount shall be changed without amending the individual Agreement to the standard limit of the Bank as of the date of the change becoming effective.

5.4.5. Blocking shall not affect the validity and conditions of the authorization.
- 1.88. In the case of payment orders with a fixed debit date, the Account Owner may withdraw the payment order by the end of the working day preceding the debit date agreed upon by the Parties.

- 1.143. Following expiry of the above deadline, withdrawal shall be possible in the following cases and by the following deadlines: In the case of payment orders initiated by or through the beneficiary, the withdrawal of the payment order requires the consent of the beneficiary.
- 1.144. If the Account Owner wishes to withdraw his/her approval, he/she shall send the Bank a written statement to this effect by the above deadline. The Account Owner shall reimburse the Bank for any costs incurred in connection with such withdrawal (e.g. cost of change in FX position) upon the first call of the Bank, and the Bank shall be entitled to enforce such claims against the Account Owner's Payment account maintained with the Bank.
- 1.145. The Account Owner shall be liable to the Bank as well as to any other banks participating in transactions for any damages incurred due to payment orders related to the Payment account, or to the data provided therein which are inappropriate, incorrect or insufficient.

Executing payment orders

- 1.146. When making credit entries, the Bank shall use the account number specified in the payment order. If the HUF amounts to be credited for the benefit of the Account holder should be credited on a Payment account held in other currency than HUF, the conditions applicable to the foreign currency transactions shall be applied. Official transfers and transfers based on summons shall be executed by the Bank also verifying the name and Payment account number of the Account Owner.
- 1.147. The Bank is entitled to reject credit orders in which the name of the paying party is missing.
- 1.148. In the case of payment orders given in a currency different from the currency of the Payment account shall be debited or credited in the currency of the Payment account. applicable to the execution of foreign currency payment orders.

1.149. The Bank shall credit any Payment account only with amounts which are received by the Bank to the Account Owner's benefit, upon legal titles and in manners permitted by the prevailing legislative provisions. In accordance with legislation on the prevention of money laundering, however, the Bank shall be entitled to examine the origin of any money arriving to the benefit of the Payment account, to request justification for it, and to refuse to credit such amounts in the absence of any appropriate justification. In case of notification of foreign currency or international Hungarian Forint transactions initiated from a different payment service provider and of which the Account Owner is the beneficiary, the Bank may execute the payment transfer prior to the reception of the funds. The Bank retains the right to restore the state of affairs having existed prior to the execution of the payment transfer in case the funds are not received, which means that the Bank may debit the Account Owner's Payment account with the credited amount and the interest, and the Bank shall modify the credit value date to the effective reception of the funds. If the state of affairs having existed prior to the execution of the payment transfer cannot be restored due to the lack of funds on the Account Owner's Payment account, the Bank shall debit any bank account of the Account Owner held with the Bank. 1.152. With respect to international forint payments (credits and debits), the Bank shall apply the deadlines

1.153. In the case of payments made within the EEA, if the currency of the account to be debited and the currency of execution are the same, the Bank shall only accept an instruction with shared bank charges (SHA) from the Account Owner as paying party; if currencies are different from each other, i.e. conversion is also necessary, the Bank shall accept an instruction with the beneficiary's bank charges to be paid by the paying party (OUR) from the Account Owner. The Bank shall consider SHA option as default method for bearing charges. The parties expressly agree that if any order received from the Account Owner does not meet the requirements laid down in this section, the Bank shall automatically perform the order by applying the default option for bearing charges, without any specific information to or approval from the client.

Reimbursement

1.154. Following the request submitted by the Account Owner as paying party within fifty-six days from the debit date, the Bank shall reimburse the amount of the payment transaction initiated by or through the beneficiary and approved by the payer (or shall reject such request by giving an explanation) within ten working days in the following cases:

- a) the Account Owner was not aware of the amount of the payment transaction at the time of approval, and

 - b) a statement made by the Account Owner being aware of his/her criminal liability, stating that he/she was not aware of the amount of the payment transaction subject to the claim of reimbursement at the time of approving the given payment order;
 - c) the original copies of the invoice and payment information sent to the Account Owner by the collecting party as beneficiary prior to the submission of the claim for reimbursement.
- 1.157. Within 10 working days from the submission of the claim for reimbursement by the Account Owner as paying party (including submission of all documents requested by the Bank), the Bank shall reimburse the amount of the payment transaction or reject the request by giving an explanation. If, based on the information at its disposal, the Bank decides upon rejecting the claim for reimbursement submitted by the Account Owner as paying party, it shall inform the Account Owner at the same time about the opportunities for the out of court settlement of the dispute as specified in these General Terms and Conditions.

- 1.162. If the Bank performs any payment transaction which is not approved and should not legally be executed due to the absence of approval, the Bank shall immediately reimburse the Account Owner as paying party the amount of the payment transaction, restore the situation of the Payment account as it was before debiting, and shall pay damages to the paying party.

- 1.165. Should an incorrect individual identifier be used, the Bank shall accept no liability for any non-performance or faulty performance of payment transactions, except the case mentioned in the above section.
- 1.166. If the Account Owner provides further data in addition to the data and individual identifiers specified by the Bank for the Account Owner as being necessary for the payment order to be executed, the Bank shall be liable for such execution with respect to the individual identifier.

- 1.167. If the execution of any official transfer or transfer based on summons takes place on the basis of an individual identifier, the payment transaction shall be deemed completed with respect to the paying party designated by the individual identifier and the paying party's name.

Liability for the execution of payment transactions

- 1.168. If the payment transaction was initiated by the Account Owner as paying party, the Bank shall be liable for any faulty execution of the payment transaction, unless it can prove that the amount of the payment transaction was received by the beneficiary's payment service provider. If the Bank's liability is ascertained, the Bank shall immediately reimburse the amount of the payment transaction which was not performed correctly or at all to the Account Owner, and shall restore the situation of his/her Payment account as it was before the faulty payment transaction.
- 1.169. Upon request of the Account Owner as paying party, the Bank – irrespective of the issue of liability for the non-performance or faulty performance of the payment transaction – shall act as it may reasonably be expected in the circumstances regarding the follow-up of any transaction which was not performed correctly or at all, and inform the Account Owner of the results of such follow-up.
- 1.170. If the payment transaction was initiated by or through the Account Owner as beneficiary, the Bank shall be liable for forwarding the payment order to the payment service provider of the paying party.
- 1.171. The Bank shall be liable to the Account Owner as beneficiary for executing the payment transaction in compliance with legislation. If the Bank's liability is ascertained, it shall be obliged to immediately make the amount of the credit transaction available to the Account Owner in his/her bank account.

Orders for fixed-term deposits submitted by a Client having a Payment account with the Bank shall be accepted by the Bank from the persons and in the manner specified in the Payment account agreement. The Bank registers the deposit by currencies and by deposit periods in a separate deposit account linked to the bank account, or in the GL account used for registering the deposit.
- 2.3. The Client keeps the amount placed as deposit with the Bank until the date specified in the deposit agreement (time deposit). Cancellation of the time deposit (i.e. withdrawal of deposit) may result in the partial or full loss of the rights to interest payment, and the Bank shall in such case be entitled to call upon the Client to indemnify the Bank for the losses suffered by it. The legal consequences of withdrawing a time deposit are set out in the Bank's prevailing List of Conditions.
- 2.4. The Bank is obliged to make the amount of the deposit placed with it, increased by interests, available to the Client on the maturity date of the deposit.
- 2.5. Unless otherwise provided in the agreement, the Bank shall register depositors that are business organizations by name, registered seat and main activities, and depositors that are natural persons by name, address, place of birth, and ID card (passport) number.

- 2.6. In the prevailing List of Conditions, the Bank shall specify the currencies in which it executes deposit orders submitted on a given day in writing or electronically on the same Bank Business Day as value date. In the case of deposits made in certain currencies, the Bank shall execute the deposit order on the 2nd Bank Business Day following the given day. The Bank shall pay interest on the deposit for the period extending from the opening date until the day before maturity date.
- 2.7. The interest rate payable on the deposit, for the full term of the deposit, shall be equal to the interest rate effective on the opening date.
- 2.8. The Bank calculates the interest payable on deposits as follows:

$$\text{Interest} = \frac{\text{principal} \times \text{interest rate (\%)} \times \text{number of calendar days in the deposit period}}{36\,500}$$

- 2.9. To calculate the average interest rate, the Bank applies the following calculation method:¹

$$\text{Average interest} = \frac{\sum_{(i = \text{from } 1 \text{ to } n)} (\text{interest rate}_i \times \text{number of days for which the interest rate}_i \text{ is valid})}{\text{number of calendar days in the given period}}$$

- 2.10. Interest on deposits placed with the Bank shall fall due on the day the deposit matures.
- 2.11. If the period remaining until maturity is less than 365 days, the following formula shall be used for calculating the EBKM (unified deposit interest rate ratio):²

$$\text{Deposit made} = \sum_{i=1}^n \frac{(k+bv)^i}{1+r \times (t_i / 365)}$$

- 2.12. If the period remaining until maturity is 365 days or more, the following formula shall be used for calculating the EBKM:³

$$\text{Deposit made} = \sum_{i=1}^n \frac{(k+bv)^i}{1+r^{(t_i/365)}}$$

¹ where n is the number of changes in interests during the given period

² where
n is the number of interest disbursements,
r is one hundredth of the EBKM,
t_i is the number of days remaining from the opening date until the ith disbursement,
(k+bv)ⁱ is the sum of the principal and interest paid back upon the ith disbursement.

³ where
n is the number of interest disbursements,
r is one hundredth of the EBKM,
t_i is the number of days remaining from the opening date until the ith disbursement,
(k+bv)ⁱ is the sum of the principal and interest paid back upon the ith disbursement.

2.13. If the deposit is made in more than one instalment, the following formula shall be used for calculating the EBKM:⁴

$$\sum_{i=1}^n \frac{B_i}{(1+r)^{(t_i/365)}} = \sum_{j=1}^m \frac{K_j}{(1+r)^{(t_j/365)}}$$

2.14. The Bank shall inform its depositor Clients about any changes to the EBKM by modifying its List of Conditions and by publishing them in the form of announcements.

2.15. The minimum amount in which forint and foreign currency deposits may be opened are specified by the Bank's List of Conditions. 2.17. The Client may request the term of deposit to be extended, in the case of deposits made in a currency specified in the List of Conditions not later than on the Bank Business Day being the maturity date of the deposit, and in the case of other currencies not later than two Bank Business Days before the maturity date of the deposit. The Bank shall establish a new deposit interest rate for the extended period, which shall be equal to the one applicable to newly opened deposits.

2.18. In the case of orders given for the opening of a deposit with automatic renewal – unless otherwise provided for by the Client – the Bank shall, on each maturity date, renew the time deposit for the term specified in the original order. Each time the deposit is renewed it shall be considered a new time deposit, and thus the Bank shall determine a new interest rate for each term, taking into account the reference interest rate specified in the agreement. If the Client wishes to cancel the order for the deposit with automatic renewal, the deadlines stipulated in section III.2.16. for the submission of the statement of cancellation shall apply.

2.19. With respect to time deposits opened for a specific purpose, the parties shall sign a separate agreement.

2.20. The Bank shall not deduct any costs or fees from the amount of interest payable to the Client for the deposit. Exceptions to this are items that must be deducted according to the law.

2.21. Conditions pertaining to the withdrawal of the deposit prior to maturity, the Uniform Deposit Interest Rate Ratio (EBKM), as well as all facts and information that have an effect on the amount payable prior to or upon maturity, are contained in the Bank's List of Conditions. The Bank shall pay interest on the currencies listed in the List of Conditions.

2.22. Unless otherwise provided for by the Hpt. regarding deposit insurance, deposits placed with the Bank are – within the scope and to the extent specified by the Hpt. – insured by the National Deposit Insurance Fund (OBA). Insurance provided by the Fund does not cover the following:

2.23. If the Client of the Bank holding a deposit account dies, for one year after the grant of probate or the judgement adopted in the inheritance proceedings steps into effect the deposit granted or provided to the heir in the judgment shall be transferred by the Bank in the interest of the heir to the technical account of the heir (sub account) connected to the Payment account of the heir (main account) held at the Bank, if the heir wishes the Bank to transfer this amount to an account held at the Bank or to be deposited at that account. The reason for the above is that this way the Bank can take into account this deposit as a separate amount separated from other deposits of the heir when establishing the indemnification amount guaranteed by the National Deposit Insurance Fund. This technical account is a restricted account, no transfers can be made to this account except the deposit of the decedent, no money can be transferred or paid to this account either. Payment orders can be made for the amount of the technical account. The official transfers and transfers based on summons against the main account will be executed against the balance of the technical account too. The heir takes into account that if the technical account is charged under any legal title the amount of the charge will be deducted from the deposit of the decedent thus the indemnification amount guaranteed by the National Deposit Insurance Fund will be decreased with the amount of the charge. The technical account will be terminated after one year of the grant of probate or the judgement adopted in the inheritance proceedings steps into effect, without any further legal actions, and the positive account balance of the account will be automatically transferred to the Payment account of the heir (main account). If the main

account is terminated for any reason, the subaccount is also terminated. The bank will not charge any additional charges and fees for the upkeep of the subaccount in addition to the charges and fees of the main account.

2.24. Upon the Client's request the Bank register the deposit of the Client to be handled separately on a discretionary account opened to the benefit of the Client (Discretionary Account) so that the National Deposit Insurance Fund is able to provide a further maximum EUR 50,000 indemnification amount, in addition to the general maximum EUR 100,000 indemnification amount, to natural person, sole trader and small-scale agricultural producer Clients holding deposits at the Bank as follows:

2.24.1. As a requisite for the separation of the deposit, thus the eligibility for the higher indemnification amount, the Client shall provide the Bank with a trustworthy evidence that the deposit originates from the following sources:

- a) the sale of residential property, or the sale of lease rights or any right of tenancy;
- b) benefits received upon the termination of employment or upon retirement;
- c) insurance benefits; or
- d) compensation received for criminal injuries or wrongful conviction.

2.24.2. The Client is entitled to certify the source of the separated deposit on the day the deposit was opened at the Bank with the following documents in cases defined in Section a) of 2.24.1. the copy of the contract on the sale of residential property or other document on the transfer of property, lease rights or the rights of tenancy not older than 30 days; in cases defined in Section b) of 2.24.1. certificate of the employer or payer not older than 30 days; in cases defined in Section c) of 2.24.1. certificate of the insurance company not older than 30 days; in cases defined in Section d) of 2.24.1. decision of the court not older than 30 days.

2.24.3. The Discretionary Account is a technical, restricted account connected to the Payment account of the Client. No deposit originating from other sources shall be placed to this account. After the deposit was separated no money can be transferred or paid to this account either. The official transfers and transfers based on summons against the Payment Account will be executed by the Bank against the balance of the technical account.

However no other payment orders can be made for the amount of the Discretionary Account, save for the transfer of the separated deposit to the Payment Account of the Client.

2.24.4. The Discretionary Account is terminated without any further legal actions at the latest three months after it was opened. With the termination the positive balance of the Discretionary Account will be automatically transferred to the Payment Account of the Client. The Discretionary Account is terminated without any further legal actions if the separated deposit is terminated. If the Payment Account is terminated for any reason the Discretionary Account is terminated simultaneously.

2.24.5. The Bank will not charge any additional charges and fees for the upkeep of the Discretionary Account in addition to the charges and fees of the Payment Account

2.25. In case of deposits insured by the National Deposit Insurance Fund offsetting between the Bank and the Client will be possible if the Client owes an overdue unpaid amount to the Bank expired before the opening day of the compensation procedure

2.26. Detailed information on important matters regarding the National Deposit Insurance Fund – such as deposit types covered, extent of insurance, conditions for the payment of indemnity, and order of procedure for indemnification – can be obtained from the prevailing information material available in branches and on the Bank's website.

3. Collection of postal fee for postal cash services

Upon submission of the postal cash payment order, the Bank debits the Client's account with the fee charged by the Post as well as with the amount of the order based on the instruction.
