In the case of orders submitted/received after the time indicated in the table, orders are recorded as of the following banking day.

**Settlement order of open-end funds:**

The Bank applies the performance deadlines detailed under this section according to the information received from the individual funds, thus when the funds' information material changes, performance deadlines will also simultaneously change.<sup>30</sup> In reference to settlement prices of investment funds, please ask for information by our bank advisors. In case of redemption – if the bank receives the settlement price on the settlement day – the value of the investment will be credited to the clients' accounts after the arrival of the settlement price on the same day.
